2014 - 2016

Surat

2016 - 2020

Bhavanagar

SSC - HSC

Bachelor of Information Technology

WORK EXPERIENCE

Coachvantage (<https://app.coachvantage.com/login>)

- **Role:** Full Stack Developer
- **Environment:** Vue.js, Vuex, Tailwind, Hasura, GraphQL
- **Technical role:** I served as a Full Stack Developer, specializing in Vue.js, Vuex, Tailwind CSS, Hasura, and GraphQL. My contributions encompassed UI/UX design, backend optimization, and seamless data flow, resulting in a high-performance web application.

SeedSuite (<https://seedsuite.net/login>)

- **Role:** Fullstack Developer
- **Environment:** React, Redux, Typescript, PHP/Laravel, MySQL, AWS
- **Technical Role:** As a Fullstack Developer, I worked on developing a comprehensive Point of Sale (POS) system tailored specifically for farmers. The project's goal was to streamline farm operations, enabling farmers to focus on planting and farm management without worrying about operational burdens such as inventory management, seller details, and supply chain logistics.

Sketchnote (<https://sketchnote.co/>)

- **Role:** Full Stack Developer
- **Environment:** React/Next, Redux, Typescript, Node.js, MongoDB, AWS
- **Technical Role:** I worked as a full-stack developer where I designed database, and data management and implemented a feature for the LMS module. the project has lot of modules like project management, LMS, academics, Integrations and many more
